Golden Valley Health Centers Expands Access to Pharmacy Services in Merced

Merced, CA—Golden Valley Health Centers (GVHC) continues its commitment to providing high-quality, accessible health care by expanding pharmacy services at its Northview Clinic, located at 3940 Sandpiper Ave., Merced, CA 95340. Patients can now access convenient on-site pharmacy services directly at the clinic location starting in June. The pharmacy will also include delivery services to patient homes.

As pharmacy access becomes increasingly limited in many communities, dependable pharmacy services play a vital role in supporting patient health and continuity of care. The addition of Northview Pharmacy helps improve convenience, reduce barriers to care, and ensure patients can fill prescriptions close to home.

In addition to the new Northview Pharmacy, Golden Valley Health Centers operates a pharmacy at the Senior Health & Wellness Center in Merced and expanded services further with the opening of an additional pharmacy location in Modesto in 2025.

GVHC pharmacies accept most major insurance plans and honor prescriptions written by providers outside of the GVHC network. Competitive pricing and a Sliding Fee Discount Program are available for eligible patients. Home delivery services are also offered to further increase accessibility and convenience for patients and families.

“Opening the Northview Pharmacy reflects our ongoing commitment to making care more convenient and accessible for our patients,” said David Quackenbush, President and Chief Executive Officer of Golden Valley Health Centers. “By bringing pharmacy services directly to the clinic and to patient homes, it helps remove barriers to care and makes it easier for patients to get their medications.”

For more information about Golden Valley Health Centers pharmacy services, visit www.gvhc.org or call the GVHC Northview Pharmacy at (209) 697-4879.

As a Federally Qualified Health Center, the mission of Golden Valley Health Centers is to provide access to high-quality health care for all, serving with dignity, respect and compassion. Golden Valley Health Centers operates 45 clinics across Merced, Stanislaus and San Joaquin Counties, providing healthcare services to 170,000 diverse patient populations since 1972.
