GURJEET SANDHU
VP & Chief Financial Officer

Dear Friend of Golden Valley Health Centers,

We are pleased to invite you to GVHC Foundation's Making a Difference Gala! While Golden Valley Health Centers (GVHC) proudly celebrates 50 years of service to our community, the GVHC Foundation is a relatively new 501 (c) 3 nonprofit organization developed in 2015 to support the work of the Health Center.

The Foundation exists to raise awareness and support. Our mission is to provide quality primary health care services to those who need us most, regardless of their financial ability. Funds raised by the Foundation creatively resource important projects like our annual Flora R. Martinez Nursing Scholarship program for local students, the Adopt-a-Family holiday gift drive for young patients from struggling families, the CARE fund (which supplements the cost of health related services that are not affordable for many we serve), and more.

Providing care for over 140,000 patients requires a vast amount of resources. Sponsoring the GVHC Foundation Gala is an excellent way for your business to help provide healthcare services to those in need throughout the Central Valley. Please consider the sponsorship opportunities available and partner with us to improve health outcomes in the community.

The Making a Difference Gala will be held on the evening of August 20, 2022. This exclusive event will feature a VIP reception, craft cocktails, fabulous prizes at the live and silent auction and rousing entertainment. Please join us as we celebrate Golden Valley Health Center's 50th Anniversary Gala. Guests are encouraged to dress in 50's themed attire.

For additional information, please call us at **209.359.5933** or email **Foundation@gvhc.org**.

We look forward to a beautiful evening of
Making a Difference together!

Your Health is Our Priority!

Golden Valley Health Centers is a private, non-profit Federally Qualified Health Center system serving California's Central Valley since 1972. At Golden Valley Health Centers, we have built a business spanning half a century centered on meeting community healthcare needs across Merced, Stanislaus and San Joaquin counties. In just 50 years, we have grown to serve nearly 150,000 patients each year through 45 clinical locations in the region.

The ideology that everyone should have equal access to healthcare has been central to Golden Valley's work over the past five decades and remains our guiding principle today. From our humble beginning, our mission has been to improve the health of our patients by providing quality, primary health care services to people in the communities we serve regardless of language, financial or cultural barriers. 50 years later, this still holds true.

Golden Valley Health Centers is a fully accredited FQHC (Federally Qualified Health Center) offering quality medical, dental, women's health, pediatrics, behavioral health, vision and other specialties at our health centers. Services also include urgent care, school-based health centers throughout the Central Valley and most recently, PACE (a Program of All-Inclusive Care for the Elderly), which includes a day center offering a full array of quality of life and health services for seniors.

We partner with local government, community based organizations, education and health plans to ensure top-notch services are available to those who need us. Golden Valley Health Centers provides the largest service of our kind in the area, and we continue growing to meet the ever-increasing needs of the communities we serve! Because when everyone, regardless of financial means, has access to excellent healthcare, it enhances the well-being of the whole community.
